Subject: Microsoft red wrist....DOJ is a disgrace to America

This Microsoft settlement is an outrage. Slapping the wrist of MS after it was tried and convicted of serious antitrust violations is a joke and a disgrace.

It is anti American, immoral, and against the free enterprise system.

It will kill competition, innovation, and thus many jobs.

Why don't we save folks the hassle of choosing a tire and just go with one company and one tire ...Firestone's ATX.
